## BEYOND 2024 : ALL DATA PROCESSING AND SOFTWARE EXPERTS WILL BE THERE!

BEYOND, the international digital technology commercial expo and conference held in Thessaloniki, is back.

The artificial intelligence (AI) revolution, the indisputably most important topic in the field of digital technology, will be the central issue of this year's event and its role and effects on our everyday life will be thoroughly analyzed.

In this context, BEYOND 2024 is the absolutely specialized destination to be informed about every development related to Data Processing and Software services. Data Processing and Software companies are an undoubtedly vital and numerous community, as these services are a constant key factor in the advancement of any technological development.

Data processing is absolutely pivotal and necessary for increasing productivity, accuracy, reliability, speed of processing, data analysis and ultimately innovation of every business and thus concerns every professional, business and organization.

At BEYOND 2024, the most important specialized companies that offer Data Processing/Software services will be present. For example, one should mention SOFTONE, EPSILON NET, OTS, SINGULAR LOGIC, NOVVILLE, AETHON ENGINEERING, ACTIVE COMPUTER SYSTEMS, SENSEONE, SPACE, etc.

The countdown for BEYOND 2024 has begun! Don't forget to mark your calendars for this year's event, taking place on **April 25-27 in Thessaloniki.**

## BEYOND: A TESTING GROUND FOR INNOVATION & PARTNERSHIP-BUILDING

Join BEYOND and you will have the opportunity to meet:

### TECH INDUSTRY LEADERS

Prominent tech industry leaders converge at BEYOND, showcasing their pivotal roles in steering the 4th Industrial Revolution. Presenting innovative new products and services, they also participate in discussions on the impact of emerging technologies (AI, IoT, quantum computing etc.) paving the way for a digitally integrated world so that we may harness technology for societal advancement, epitomizing the tech industry's evolving role in the 21<sup>st</sup> century.

### STARTUPS & SCALEUPS

Startups and scaleups take center stage at BEYOND, showcasing groundbreaking solutions and disrupting industry norms. Startups, marked by agility, present novel concepts, ranging from AI-driven analytics to innovative applications. Scaleups, having traversed initial challenges, demonstrate scalable technologies ready for market integration. BEYOND provides a fertile ground for networking, fostering collaborations between emerging players and established industry leaders.

### RESEARCH CENTERS & UNIVERSITIES

Distinguished research centers and universities enrich BEYOND with intellectual prowess and cutting-edge discoveries. Leading academic institutions showcase groundbreaking research into emerging technologies, emphasizing their potential impact on various industries. BEYOND serves as a knowledge exchange hub, fostering dialogue between research luminaries and industry professionals.

### VISIONARIES & THOUGHT-LEADERS

Trailblazing visionaries and thought-leaders illuminate BEYOND with their profound insights and future-oriented perspectives. BEYOND provides a platform for these luminaries to share their forecasts and inspire a collective vision for the digital era and a tech-infused tomorrow.
