BUSINESS

Construction and rental of an aluminum structure stand with an octagonal column, with the following specifications:

Structure: 3.25 m high gray aluminum support carrier with a 1.00x1.00m warehouse with a folding door that is placed inside the pavilion, while in the corner aluminum shelf case 1.00x0.50m wide.

Panel: White 2.50m high

Carpet: Elea carpet with nylon

Equipment:

- Round beech table 0.70 m diameter (pc. 1)
- Gray seats (pc. 3)
- Black stool (pc. 1)
- Infodesk curved white (pc. 1)

Electrical: 1 Led light 100W per 4 sqm and 1 500Watt ground socket

Signage: Digital printing on a 0.95x2.38m sticker (pc. 1) and a trapezoid PVC surface on the fascia of the booth.

* The booth equipment is provided based on the square meters of the construction

PRINT FILES:

Artwork should be supplied in **CMYK high-resolution PDF** format or as high resolution file artworks such as **.ai, .eps, .tiff**. Ensure that all images are at **CMYK Color Space** and embedded. Ensure also that fonts has been converted to vector artwork (**convert to curves** or **convert to outlines**).

- files size: • Natural size at 100dpi for prints up to 2m²
• Size 1/10 at 300dpi for prints more than 2m²

SQUARES

Construction and rental of an aluminum structure stand with an 8cm square column, with the following specifications:

Structure: Grey aluminum support carrier 3.00m high with a 1.00x1.00m warehouse with a wooden opening door. On the back of the stand 3 parallel prints on a sticker with a diam. 1.90x0.91m are placed.

Panel: White 3.00m high

Carpet: Elea carpet with nylon

Equipment:

- Round table with glass surface 0.80 m diameter (pc. 1)
- Seats (pc. 3) and black stool (pc. 1)
- Infodesk curved white with print 1.47x0.95 m

Electrical: 1 Led light 100W per 4 sqm and 1 500Watt ground socket

Signage: In the corner of the booth and on the sides of the warehouse 3 prints are placed on stickers with dim. 0.91x0.91m.

* The booth equipment is provided based on the square meters of the construction

PRINT FILES: Artwork should be supplied in CMYK high-resolution PDF format or as high resolution file artworks such as: .ai, .eps, .tiff. Ensure that all images are at CMYK Color Space and embedded. Ensure also that fonts has been converted to vector artwork (convert to curves or convert to outlines).
files size: • Natural size at 100dpi for prints up to 2m²
• Size 1/10 at 300dpi for prints more than 2m²

Customized design stands

Consulting services

Please contact us in order to discuss your promotional needs. Our specialized personnel will present you unique suggestions and solutions that satisfy your needs and budget.

Design Suggestions

Our design suggestions will combine aesthetics and functionality. All our customers are important to us; and therefore we ensure an impressive presence in a very competitive environment

We supervise the project from the very beginning up to the stand completion

EXPOWORK monitors and coordinates the construction procedure, exempting you from the stress and delivering you a "turn key solution" stand.

By choosing **EXPOWORK** you are sure that everything will be ready on time!

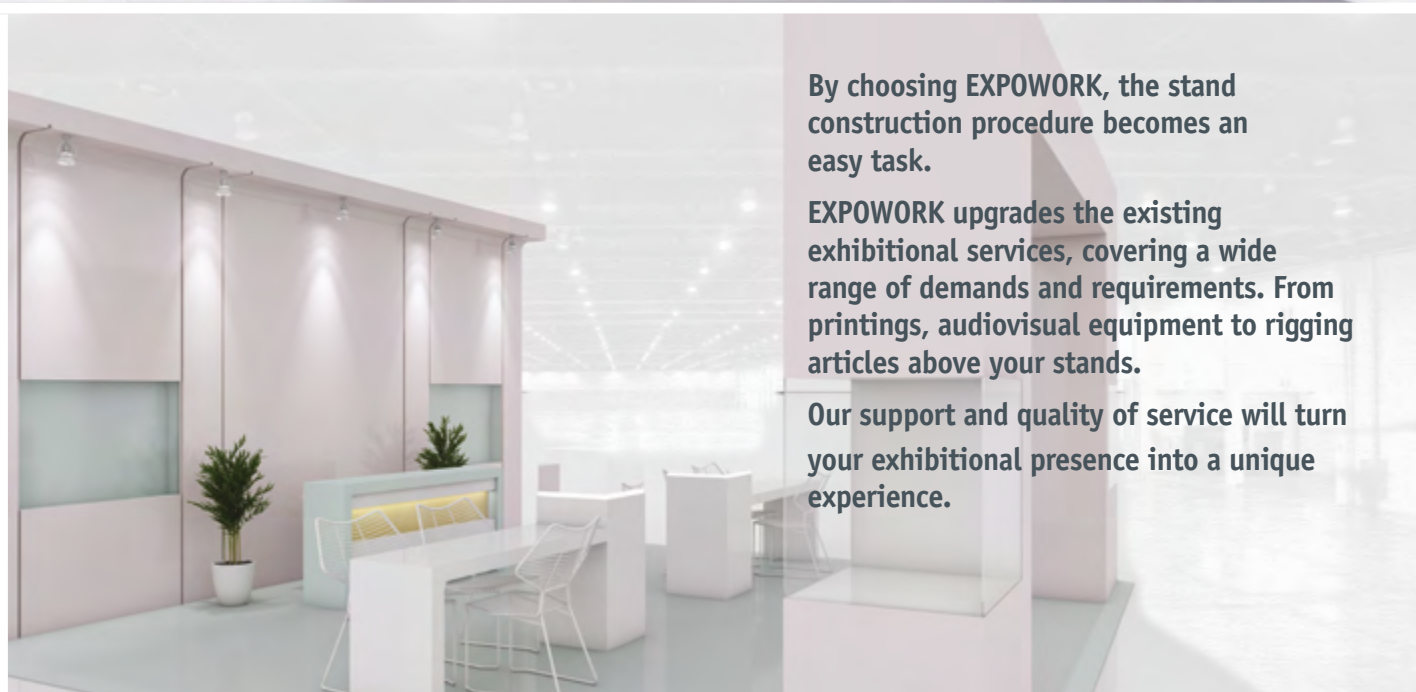

Drawing solutions for specialized needs

By choosing EXPOWORK, the stand construction procedure becomes an easy task.

EXPOWORK upgrades the existing exhibitional services, covering a wide range of demands and requirements. From printings, audiovisual equipment to rigging articles above your stands.

Our support and quality of service will turn your exhibitional presence into a unique experience.

EXHIBITOR'S INFORMATION

A. STANDARD SHELL SCHEME STANDS

1. An electrical switch board is necessary to be positioned at the highest place of the wall of the stand. If you wish this switch board to be placed in a particular position you will have to send us a drawing/plan of your stand 15 days before the opening of the exhibition. In other case it can't be moved.
2. Orders that concern electrical installations or/and constructions, e.g. Installation or connection of floodlights, storage areas, ceiling beams to hold extra lights, cannot be executed without a drawing/plan.
3. Orders concerning shelves are placed by the exhibitor, after relative indications.

B. SPECIAL DESIGNED STANDS

1. You will need to send us your orders concerning the power supply at least 15 days before the opening of the exhibition, attaching a drawing/plan indicating its position. The order will be executed if only a drawing have been received.
2. The electrician performing the electrical installations in your stand, is obliged to fill in the Electricians' Solemn Declaration Form, mentioning the total kw needed, with his stamp and signature, as also attaching a photocopy of his professional license (expiration date and the number of his professional license must be shown).
3. For your convenience, it is not necessary to attach the photocopy of your electrician's professional license, if it has already been sent to a previous exhibition unless it has expired. (In this case, a photocopy of its renewal date has to be sent).
4. The Electricians' Solemn Declaration Form must be filled in by the electrician and is irrelevant to the electrical equipment form order (see Technical Brochure which needs to be filled in, by the exhibitor).
5. Special designed stands must use an electrical switch board with a safety switch. In case the electrician is not equipped with this kind of switch board, it is possible to order through Expowork.
6. In order to test the electrical installations at your stand, during the exhibitions' preparation, the "electricians' sworn statement" should have already been submitted to Expowork's customer service.
7. For static reasons, is obliged to send: Exhibitors' Declaration or Engineers' Declaration.
 - Exhibitors' Solemn Declaration is filled in by the exhibitor in case the construction does not exceed the (3) m height.
 - Engineers' Solemn Declaration is filled in from the engineer of your construction company in case the construction of your booth does not exceed the (4) m height.

NOTE: The power of KW supplied is a 3-phase power. In case that a mono-phase supply is needed you should please let us know. For construction installations, during the exhibitions' preparation, you can use the power supply positioned in the columns of the building (mono-phase supply).

INSTRUCTIONS FOR THE EXHIBITOR'S INSTALLATION - DEPARTURE SETTLEMENT

- Upon arrival at the ATHENS METROPOLITAN EXPO, the exhibitor or his authorized representative shall take delivery of the stand from the hall supervisor.
- All sides of special design stands must be aesthetically acceptable, mainly at the border of different stands. The rear side of constructions exceeding 2,5m in height must also be presentable and painted white.
- Fire stations or fire extinguishers, electrical elements, water supplies or waste pipe connections must not be covered by any sort of structure for easy access in case of emergency.

The following actions are not permitted:

- Cutting wood or plasterboards, as well as using power-tools and equipment, such as spray paint compressors, anywhere inside the Exhibition Centre. Such operations are only permitted outdoors at special designated areas.
- Drilling and nailing on the floor, the pillars, the ceiling and any other structural part of the building.
- Drilling and painting of panels and aluminum frames (for suspending purposes, you may request special hooks from the exhibitors' service desk).
- Suspending any item from the ceiling or any other structural part of the halls, or the utility network lines, running parallel to the ceiling.
- Covering walls and corridors.
- Any intervention to the electrical installation without prior approval of the facility's chief electrician
- Should you object or disagree to any service provided by Expowork, please inform our Customer Care Dept. by the end of the exhibition opening day.
- Our equipment and services are only provided during the official duration of the exhibition. Our equipment is to be ready for recollection by our staff, 1 hour after the end of the exhibition.
- Electricians who undertake electrical installations of Customized Stands, are obliged to fill in the relative sworn statement (check with the EXPOWORK - Customer Service Dept.), attaching a photocopy of their professional license and hand it over to the EXPOWORK - Customer Service Dept., in order for their stand to be supplied with electricity.

- Breach of any of the above regulations leading to any damage, shall entail the full restoration of such damage and compensation deposit as calculated by EXPOWORK.
- Cleaning of paint brushes and other painting equipment is permitted only in the industrial sinks, situated in each exhibition Hall.

DEPARTURE

After the end of the exhibition, exhibitors will first settle any outstanding financial affairs with EXPOWORK, and then depart, within the time limit specified by the organizer, after having removed all exhibits and decoration materials used during the exhibition. Should the exhibitor leave any construction material on site, a removal cost will be charged.

REMARKS ON THE PRICE LIST

For your order to be valid, and forwarded for implementation so that it can be ready by the time you arrive at the METROPOLITAN, you must send the order form within the designated time frames (as described in the order forms), and fully pay the respective amount by bank transfer, or VISA, MASTERCARD, DINERS, or at the Expowork cashier's desk.
